

SIGNAGE AND MAPPING

- Adopt signs similar to those used on Kentucky Lake which indicate dangerous areas at different water levels.
- Place signs at launching ramps to inform people who to call to report any problems or concerns they may have. Possible grants available for these types of projects.
- Update topographical map of the lake and make it more readily available.
- Provide online access to lake maps.
- Incorporate GPS into lake maps.

SIGNAGE & MAPPING COMMITTEE

Kayl Kite (team leader)

Corps of Engineers
PO Box 218, Grand Rivers, KY 42045
(270) 362-4236
Rodney.K.Kite@ltn02.usace.army.mil
